

## Dynamic Drums Ball bowl usage and care instructions

**Congratulations on your purchase of the Dynamic Drums Ball bowl.**

**Having purchased the Dynamic Drums Ball bowl you have chosen a TOGU® branded product which is “Made in Germany”!**

**It is made in conformity with the applicable EU regulations for sports equipment and is free of banned phthalates and heavy metals.**

The practical and classic ball bowl in new execution for perfect Drums-Fitness-Training with the Dynamic Drums Ball. The Dynamic Drums Ball bowl with its extension in the middle enables a healthy and upright position during the workout.

### **Setup:**

Just lay the Dynamic Drums Ball bowl with the logo facing down on the floor. Now the three openings should face upwards. Put the spacer into the openings and set the second Dynamic Drums Ball bowl on it.

### **Equipment details:**

Measure: ca. 45 cm Ø x 21 cm

Colour: black

Scope of delivery: Set of 2 Dynamic Drums Ball bowl with 3 spacer

### **Care:**

Any mild standard cleaning agents and disinfectants can be used to clean the Dynamic Drums Ball bowl. Solvent-based, acidic or caustic cleaners will damage the material.

The Dynamic Drums Ball bowl is waterproof.

## Dynamic Drums Ball usage and care instructions

**Congratulations on your purchase of the Dynamic Drums Ball.**

**Having purchased the Dynamic Drums Ball you have chosen a TOGU® branded product which is “Made in Germany”!**

**It is made in conformity with the applicable EU regulations for sports equipment and is free of banned phthalates and heavy metals.**

### **Inflating:**

Do not inflate the Dynamic Drums Ball when it is cold. Please make sure that it has room temperature (don't heat up quick). Also make sure that the Dynamic Drums Ball is pumped up in stages when inflating with a compressor. The material could suffer a stretching shock otherwise. You have also the option to inflate it with a pair of bellows or air pump.

### **Important:**

- do not inflate the Dynamic Drums Ball over the prescribed maximum diameter!
- The ball should be regularly examined for larger scratches. They could arise after a course of time or by and by due normal use.

### **Attention:**

Do not inflate the Dynamic Drums Ball over the prescribed maximum diameter! Your working area has to be free from sharp or sharp-edged object which could harm the material. Hit the Dynamic Drums Ball only flat with the sticks. Do not repair damaged balls. Otherwise they could burst! Not suitable for children under 3 years. Contains small parts!

### **Equipment details:**

The Dynamic Drums Ball is made of high-quality Rulon and is fitted with a plug valve.

Measure: depend on size: approx. 1150 g or 1400 g

Load capacity: approx. 500 kg

### **Thermal stability:**

The Dynamic Drums Ball is UV-resistant and also heat-resistant to a limited degree. The can easily withstand temperatures of up to 45°C. However, the Dynamic Drums Ball should be kept out of direct sunlight (e.g. do not store in the window). The material softens as it gets warmer. The Dynamic Drums Ball is also resistant to cold, but should nevertheless not be stored at temperatures below -10°C. The material hardens as it gets colder.

### **Care:**

Any mild standard cleaning agents and disinfectants can be used to clean the Dynamic Drums Ball. Solvent based, acidic or caustic cleaners will damage the material.

The Dynamic Drums Ball is waterproof.
