

Goal Lock

Thank you very much for choosing a Sport-Thieme product!

Please read the instructions fully before you assemble the equipment, so you can enjoy the product and safety is guaranteed. We are happy to answer any questions you may have.

1. Join uprights and fix them with the hoop.

2. Stick bolt from one side through both lateral hoop apertures.

3. Use a commercial padlock (not part of the delivery) to fix bolt and hoop. Let the hoop then carefully slide down to the spars.
