Product image see above/previous page	Scope of delivery ✓ 1 scooter board Specification Birch multiplex, open-pore coated. Rounded shape. 29x29x5.5cm. Wave-shaped cut-outs, suitable for connection with Stapelstein Originals with a diameter of 27.5cm. 4 ball-bearing mounted whisper smooth-running castors for use indoors, on hall floors or outdoors, for example on level terrace floors. Weight capacity up to 75kg. 0.78kg. For more details see www.pedalo.de
Special notes - The Stacking Stone Scooter Board (hereinafter also referred to as product, item or device) is a rolling board on which one or more matching Stapelstein® Original elements* can be placed without tools. The combination with a rolling board makes the Stapelstein® stones mobile and greatly expands the range of imaginative and creative play options. - Caution! A certain degree of caution and skill is required when using the Scooter Board in order to avoid falls or collisions causing injury to the user or third parties. In case of doubt first use the rolling board with assistance and/or appropriate protective equipment. - Warning! When using your fingers to push the board, never do it in the range of rollers. Risk of crushing! - Only use the roller board on even and smooth floor coverings. It can also be used outdoors, for example on terraces floors, as long as the area is completely flat, dry, free of dirt, leaves, stones and the like and very important: separated from traffic areas in any case! - Do not ride on edges or ledges and the like. The rollers could be damaged. - Before each use, please check that the product is not damaged. The maximum weight capacity is 75 kg.	
Important information and warnings - Warning! Not suitable for children under 2 years. Use only under adult supervision. - Caution! Packaging is not part of the item and must be disposed of before use. - Warning! Plastic bags and foils do not belong in the hands of babies and small children – risk of suffocation! Keep out of reach of babies and small children! - Caution! Use the item exclusively for the purposes described in these instructions (or also in other pedalo product information/instructions that may be possibly enclosed with the product and refer to this product). - After longer or frequent use, check all screws and retighten if necessary. - Replace worn parts immediately with an original spare part. - The product is made of different woods. Among others from natural birch, beech, and multiplex. Deviations in color, structure, grain, or small knots inclusions prove the genuineness of the material and therefore there is no reduction in quality. - Maintenance and care: Can be wiped with a damp cloth. Do not use solvent-based, acidic, or abrasive detergents. Protect item from damp and wet.	
Assembly - No assembly required. The product is delivered ready for use. - For the intended use as a stacking stone scooter board, the stacking stones* (Stapelstein® Originals) are simply placed on the wave-shaped recesses provided on the top of the board and the fun of playing, moving, rolling and riding can begin. * Stapelstein® Stacking stones are not included in delivery	
	 Example of an extension possibility
